 - Describe the role of Citrix Presentation Server within the Citrix Access Suite
- Server Farm Architecture
 - Define the logical components of a Citrix Presentation Server farm
 - Illustrate the interactions of the logical components of a Citrix Presentation Server farm
- Common Management Platform Components
 - Define the purpose of the management components of a Citrix Presentation Server farm
 - Illustrate the interactions of the management components of a Citrix Presentation Server farm
- Client Access Architecture
 - Define the logical components of client access in a Citrix Presentation Server farm
 - Illustrate the interactions of the logical components of client access in a Citrix Presentation Server farm
- Technical Benefits of Citrix Presentation Server
 - State the technical benefits of Citrix Presentation Server farm architecture
 - State the technical benefits of the common management components of a Citrix Presentation Server farm
 - State the technical benefits of the client access architecture in a Citrix Presentation Server farm

Instructional Method

Self-paced eLearning

Course Length

2 hours*

*The course length is an approximation of how long it takes to complete this course. Learners may spend as much time as they need to complete the course, and are able to log on and off as often as desired.

Certification Preparation

This course, along with CTX-1256AI Citrix Presentation Server 4.0: Administration, prepares learners to take exam 1Y0-256 Citrix Presentation Server 4.0: Administration. Exam 1Y0-256 is a requirement for the Citrix Certified Administrator (CCA) for Citrix Presentation Server 4.0 certification.

Registration

CTX-1255AW is scheduled for release and is not available for registration currently.
